COOPERATIVE PROJECT AGREEMENT-CONSTRUCTION WORK

This Agreement is between the NEW MEXICO DEPARTMENT OF TRANSPORTATION ("Department"), and the County of Santa Fe ("Public Entity"), collectively referred to as the "Parties." This Agreement is effective as of the date of the last party to sign it on the signature page below.

In consideration of the covenants contained herein and pursuant to NMSA 1978, Section 67-3-28, the Parties agree as follows:

1. Purpose:

The purpose of this Agreement is to provide Federal Highway Administration (FHWA) funds to the Public Entity for a transportation project described in the Public Entity's Plans Specifications and Estimate Package (PS&E), the Project Identification Form (PIF) and the Statewide Transportation Improvement Program (STIP). The deliverables under this Agreement may be referred to as the "Construction Work" for the project, which is referred to interchangeably as "Project" or "Project Control No. S100282." The Project is a joint and coordinated effort for which the Department and the Public Entity each have authority or jurisdiction. Additionally, the purpose of this Agreement is to ensure that the scope of work is maintained throughout the life of the Project.

2. Funding:

- a. The total funding for Project Control No. **S100282**, is Four Hundred Seventy One Thousand Two Hundred Thirteen Dollars (\$471,213) which will be shared by the Parties as follows:

1. FFY 2015 TRANSP. ALT FLEXIBLE (TAPF) Funds

<u>Department's 85.44% share</u>	\$23,934

------------------------------------	----------

For the purpose stated above.

6. **The Total TAPR Funding** **\$85,281**
7. **Other Local Funds** **\$357,919**
To construct Santa Fe Rail Trail segment 4 from Avenida Eldorado to Avenida Vista Grande. (Description as per STIP database and Agreement Request Form, this agreement only pertains to the construction portion of Project Control No. S100282.)
8. **The Total Local Funding** **\$357,919**
9. **The Total Project (Construction Work) Funding** **\$471,213**

- b. **If current federal fiscal year funding is not obligated by September 30th of the current federal fiscal year, this Agreement shall terminate.** Should this occur the Public Entity shall be solely responsible for all termination costs. However, if prior federal fiscal year funding has been authorized, this Agreement will remain in effect. If the Public Entity cannot meet the federal fiscal year deadline, and the money is reprogrammed for the next fiscal year, this Agreement will remain in effect.
- c. The Public Entity shall pay all Project costs that exceed the total funding amount specified in this section and all costs determined to be ineligible for reimbursement under the terms of the listed funding sources.
- d. FHWA's obligation of federal funds shall be supported by a certified cost estimate based on the Public Entity's Engineer's Estimate (EE). The EE shall be submitted to the Department's North Region T/LPA Coordinator prior to the PS&E Review pursuant to 23 CFR Part 630B.
- e. After the project is advertised, bids shall be submitted in accordance with the advertisement for bids. The Public Entity will open sealed bids in accordance with the Public Entity established procurement procedures. The Department will review the Public Entity's determination of lowest responsive bid to determine if the amount of federal funds obligated by the FHWA requires adjustment pursuant to 23 CFR Part 630.106. The Public Entity's responsive low bid for the project, including approved alternates, will be compared to the amount obligated. The Department will allow a 15% increase over the base bid and any approved alternates to cover Engineering and Contingencies and Gross Receipts Tax. If the difference between the FHWA's obligation amount and the responsive low bid plus the 15% is within \$250,000, the amount of funds obligated will not change. If the difference between the obligation amount and the responsive low bid plus the 15% exceeds \$250,000, the difference will be deducted reducing the amount of funds obligated.
- f. The Public Entity may not add additional work to the Project after the construction contract has been let in order to take advantage of any savings that might result from the lowest responsible bid being lower than the projected cost used to set the obligation. State and Federal law do not allow additional work to be added to a project as a change order unless such work could not have been reasonably anticipated at the time of letting and such work is necessary to the completion of the project. If at any point in the construction, the Public Entity identifies Extra Work as defined by the Department's current specifications that may be justified for incorporation into the contract, this proposed work shall be reviewed by the Department (State Construction Engineer or Designee), which must concur prior to the commencement of the Extra Work.

3. Method of Payment – Reimbursement:

The Department's District T/LPA Coordinator shall reimburse the Public Entity upon receipt of payment requests for the purposes stated in Section 2, with supporting documentation as determined and/or approved by the Department, certifying that costs have been incurred in compliance with this Agreement. Invoices will be accepted monthly, but must be submitted at a minimum quarterly to the Department's District T/LPA Coordinator. Payment requests shall be identified by the project control number and certified that the requests accurately reflect work completed, amount due and the remaining Agreement balance. All expenses must be actual, rather than estimated, and listed on the payment request as charged. Only those expenses that are properly documented and deemed eligible will be reimbursed. Incomplete submittals will be returned to the Public Entity for corrections. Only invoices for approved/undisputed work will be processed.

The Department's District T/LPA Coordinator will not reimburse the Public Entity for costs incurred prior to obligation of federal funding and the full execution of this Agreement, after the expiration of the Agreement, or in excess of the maximum dollar amount of the Agreement. Final payment requests shall be submitted to the Department's District T/LPA Coordinator within thirty (30) calendar days of physical completion of the project and prior to the termination date identified within Section 20.

4. Public Entity Shall:

- a. Act in the capacity of the lead agency for the Project.

- c. Provide notice to the Department's **North** Region T/LPA Coordinator of the bid tabs and the lowest responsive bidder.

- h. Advertise, let, and supervise the construction of Project Control No. S100282 using applicable federal, state or local requirements or procure services to accomplish these tasks.
- i. Ensure and maintain proof of compliance with 23 CFR Section 635.410 and ensure construction materials, including those associated with utility facilities and relocations, to be in accordance with "Buy America" requirements which require proof of origin and place of manufacture of iron and steel products and materials to be made in America. Additionally, ensure that this provision is included in all advertisement, construction and supply contracts at all tiers associated with the Project.
- j. Ensure construction of the Project complies with Title II of the Americans with Disabilities Act of 1990 (ADA), implemented by 28 CFR 35, Section 504 of the 1973 Rehabilitation

Act, implemented by 49 CFR 27, NMDOT Pedestrian Access Details, and NMSA 1978 Sections 67-3-62 and 67-3-64. Additionally, ensure that this provision is included in all advertisement, construction and supply contracts at all tiers associated with the Project.

- k. If the Project will be built with Public Entity resources, prepare a detailed report of equipment and labor, including a project schedule, for submission to the Department's District T/LPA Coordinator. If Public Entity is not building the Project with Public Entity resources a detailed report is not required.
- l. The Public Entity shall ensure that the contractor and all subcontractors register and enter all required data into B2Gnow and LCPtracker programs. Assistance can be obtained in this effort by contacting the Office of Equal Opportunity Programs ("OEOP") as identified in Section 11. The Public Entity shall verify all entries by the contractor and all subcontractors into the B2Gnow and LCPtracker programs. Failure by the Public Entity to adhere to this reporting provision may result in the Project being deemed ineligible for reimbursement.
- m. Ensure construction activities comply with approved design, environmental commitments, right of way activities, utility coordination, and construction management and testing.
 - 1. Construction management, testing and inspection services may be eligible for reimbursement if the underlying procurement is consistent with federal aid funding and state procurement laws and regulations.
 - 2. The Public Entity's award of contracts for construction management testing or inspection services shall be independent and shall not be procured through the construction contractor.
- n. Develop and execute the Project in accordance with the Department's current Specifications, Tribal/Local Public Agency Handbook, and the Construction Procedures Handbook for Federal Aid Local Government Lead Projects.
- o. Comply with Appendix A, "Construction Phase Duties and Obligations," which is hereby incorporated in this Agreement, for construction projects.
- p. Timely submit and receive all required environmental documentation and authorization for the construction phase to the Project. Copies of all approvals shall be provided to the District T/LPA Coordinator prior to construction.
- q. Shall register with www.sam.gov and DUNS and provide such information to the Department as well as the total compensation and names of the Public Entity 2015's top five executives to comply with the Federal Funding Accountability and Transparency Act of 2006.
- r. If the Public Entity has received a combined \$500k in Federal Funding, which under OMB Circular A-133 requires the Public Entity to have a single audit performed, the Public Entity must provide the Department a copy of the most recent completed audit report before the start of work.

5. The Department Shall:

- a. Assign the District T/LPA Coordinator as the representative to provide technical assistance to develop, monitor and oversee progress under this Agreement.
- b. Assign a T/LPA Construction Liaison Engineer to oversee the Project for Federal funding compliance.
- c. Timely process accepted requests for reimbursement.

6. Both Parties Agree:

Upon termination of this Agreement, the Public Entity shall account for any remaining property, materials or equipment that belongs to the Department, and dispose of it as directed by the Department.

7. Project Responsibility:

The Public Entity is solely responsible for ensuring that the Project is carried out to completion. The improvements and services required under this Agreement shall remain the full responsibility of the Public Entity unless stated otherwise in this agreement.

8. Public Entity Sole Jurisdiction:

Unless otherwise specified in this agreement the Department is not incorporating this Project into the State Highway System and ownership of the project shall remain with the Public Entity.

9. Legal Compliance:

The Public Entity shall comply with all applicable federal, state and local laws and regulations, and applicable Department policies in the performance of this Agreement. These laws include, but are not limited to: FHWA memorandums; Authorization to proceed and project monitoring at 23 CFR Part 630.106; Agreement provisions at 23 CFR Part 630.112; Project approval and oversight at 23 U.S.C. § 106 [as amended by SAFETEA-LU section 1904]; Single Audit Act Amendments of 1996 (P.L. 104-156)/OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, 49 CFR Part 18; Titles VI and VII of the Civil Rights Act of 1964 and related statutes; Disadvantaged Business Enterprise Program, 49 CFR Part 26; External Equal Opportunity/Contractor Compliance Program, including On-the-Job training requirements, 23 CFR Part 230; the Americans with Disabilities Act, 42 §§ 12101-12213 and 28 CFR Parts 35 and 36; the Federal Funding Accountability and Transparency Act of 2006 (Pub. Additionally, the Public Entity shall comply with all applicable federal, state and local laws and regulations governing environmental issues, workplace safety, employer-employee relations and all other laws and regulations governing operation of the workplace. The Public Entity shall ensure that the requirements of this compliance are made a part of each contract and subcontract on this Project at all tiers.

The Department will extract as much information as possible from the Public Entity's grant application and standard reports.
